## Spit VENOM

I find it amazing when you meet new friends in this town they seem well adjusted and inclusive until you start seeing someone of "color", then they seem to forget your phone number. When you bump into these so called friends at the nightclubs and bars they claim to be "so busy" that they haven't had a chance to get back to ya! Yet they find time to go out and be all fu\*ked up! The Other White Meat

## THAT OLD GUY

Why is it that all the nice convertibles have older guys in them wearing baseball caps! It's not as if they're going to loose their hair, that fell out YEARS ago! If you want to be a hard top, BUY one!

### THE 411 ON MISS TINA

How many weeks are we going to see Miss Tina's name under Web Presence in 411? Heard they registered the site [www.TinaAt411.com](http://www.TinaAt411.com).

### TIRED UMBROS

This is for my catfish head co-worker, who is continually tries to work those tired white umbros. We don't want to see you walking around with all of your business hanging out. They may look good at the gym/ steamroom /grandma's, but not here.

### FEMININE BOCA BOY

To the feminine Boca boy, who drives the girly yellow bug found at Georgies till closing, you can always try the bath houses, anything goes at that hour. You may not find the sugar daddy of your dreams, but at least you'll get the lay you need! PS do they make those jeans that with that many holes or is that the way you get a cheep thrill?

### HUNKY GOD

Who's that hunky god, who's boyfriend is clueless to the possible attraction between him and someone else's Calvin's?... ..and I don't mean the underwear. There could be a fabulous waterfront house on the market soon!!

### LATINO POOL SHARK

To the Latino pool shark at Bill's, don't wait to make a date for next week; you look like you age in dog years. Could it be that you are a Great Dane with a stick like a Chewawa?

### SLUTS SLUTS AND MORE...

Love is powerful, sex is mind blowing, and orgasms are just temporary, think about it. Any guilty minds with filthy - - - ?

### F—KED UP WHITE BOYS

Why is it that all the nice convertibles have older guys in them wearing baseball caps! It's not as if they're going to loose their hair, that fell out YEARS ago! If you want to be a hard top, BUY one!

### GAY BIKER???

I wish I could find a gay guy that sells motorcycles! I went to 4 motorcycle retailers with my "partner" in order to buy a new bike, not a single sales rep greeted us or even gave us the time of day at any location! Those assholes lost a sale. My advice to anyone who reads this is, do not ever give someone business that makes you feel uncomfortable or unwelcome! Our community is a financial powerhouse, so spend it with those that earn it!

### RUMORS AND MIRRORS

To those of you that spread rumors about your friends, take a look in the mirror! Maybe you'll finally see why you can't keep a man!

### MODEL/ANTIQUE?

Would that model/antique collector please own up to the hooker that you trully are. We all know the stories of you blowing guys on the UM campus are true.

### GET LEGAL SKANKY

Ms. Girl, unless you are looking to be guest of the county, you must get legal. Your skanky ways will probably go over very well in cell block D, though

### BITTER AND BALDING

If the people who use so much hair product would stop I think a few extinct species might still exist.

### BABBLEonya!!!

To the F—ING foreigner from BABBLEonya - Shut the F— Up!

### WORLD RECORD

To the young sleeveless slut, please stop trying to break the world record for the most tricks in one weekend as we are running out of men.

### LOST AND FOUND

To the antique collector - the lost and found called - they have one of your dates for you to come pick up as his diaper needs changed.

### REVENGE

To the driver of a certain BMW, remember that revenge is a dish best served cold - and with a knife.

### SILVER SLUTMOBILE

To that sissy bitch in the silver slutmobile, if it weren't for your man's wallet you'd be on the street without a straw, and speaking of straws, if you'd keep yours in your drink instead of your nose you just might be tolerable. Also, if your into feet so much, why do you insist on wearing those open toed sandals showing everyone those ragged out, swollen up, stumpy,fungi ridden, stank yellow toes you've got? How about keep them covered and on the ground.
